- 1 Slight Improvement
- 0 No change in ability
- 1 Decrease in ability

Notes of Explanation:

The chart is the result of a survey given to last year's Shader Croft students, their parents and their teachers. Each respondent was asked to assess a student's development as a result of his or her participation in the Shader Croft summer literacy program. The respondents were asked to base their judgement on as much concrete objective data as possible. Teacher responses were not included if they did not have the student the previous year. Forty-seven out fifty-seven students responded. Of the thirty-three parents asked, twenty-one responded.
